Summary

The text appears to be describing a technical concept in French, but I'll do my best to summarize and answer the question.

The text states that at 11:13, the angle alpha is defined as the angle that is tangent to the point of exit and the tangent of the point of entry.

To answer the question, it seems that the angle alpha is being defined as the tangent angle formed by the point of exit and the point of entry.

Extracted Text

11:13 at @) Défini l'angle alpha: C'est l'angle qui fait la tangent au point sortie avec l
